* This table was originally set by the ICU Festival Committee on April 7, 2021. Please note that it can be changed by following the guidance of universities and public health centers in the future. In addition, since there is a possibility that discussions will be held just before the ICU is held, we will post the revised version at any time. This is for minimizing the spread of the Covid-19 so that you can enjoy the ICU Festival to the fullest.

Thank you for your cooperation and understanding. The second edition is scheduled to be released in early May.

* Regarding the location of the stage for streaming program is under consideration, we are considering the maximum number of audiences and the performers.
